

230V 1 channel dimmer

CODE: NTG403

- Dimmer for mains voltage loads
- Allows you to drive voltage loads from 85 to 265V AC, max current 1A
- Control inputs: n. 1 N.O. button (from 85 to 265V AC) isolated
- Protected from input overvoltages
- Overvoltage protection of outputs
- Suitable for sources: LED (triac / IGTB) in dimmable mains voltage, incandescent, fluorescent
- Case suitable for type 503 fruit box

85 - IP20
265 V

Technical data
